BTN. NO. 530-40

UNITED STATES CIVIL SERVICE COMMISSION

BULLETIN

BULLETIN NO. 530-40

Washington, D.C. 20415
May 9, 1974

SUBJECT: Adjusting Special Minimum Rates and Rate Ranges Established Under 5 U.S.C. 5303 as a Result of Executive Order 11777.

Heads of Agencies and Independent Establishments:

1. The President has signed Executive Order 11777, which amends Executive Order 11691, the order that provided for the January 1973 general pay increase in statutory pay schedules. The amendment deals only with the effective date, and this has been changed to make the general pay increase effective on the first day of the first applicable pay period beginning on or after October 1, 1972.
2. Under authority of 5 U.S.C. 5303(d), the Commission had decided that the pay of employees covered by special salary rates established under section 5303 would be increased by an amount fully equivalent to the general pay increase for General Schedule employees authorized by Executive Order 11691. The higher special rates were effective the same date as the general pay increase as specified by Executive Order 11691, i.e., the first pay period beginning on or after January 1, 1973.
3. Since Executive Order 11777 changes the effective date of the general pay increase to the pay period beginning on or after October 1, 1972, the effective date of the special salary rate schedules is also changed to the same date. There is no change in the special rates as such, only a change in the effective date. This will require retroactive payments to all individuals who were subject to the special rates for all or any part of the retroactive period. Refer to Bulletin 531-67 for specific instructions and guidance in computing payments and in making other appropriate adjustments.

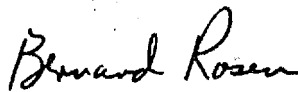

INQUIRIES: Advisory Services Office, Bureau of Policies and Standards
Code 101, Extension 25582 or 632-5582

CODE: 530, Pay rates and systems (general)

BTN. NO. 530-40

(2)

4. As a matter of convenience the various special rate schedules that were in effect and that are affected by the retroactive period are shown in the attachment to this Bulletin. It should be noted that the effective date of the adjustments in the special schedules that resulted from the 1972 annual review is not changed. This date remains as originally published in FPM Letter 530-174, i.e., the pay period beginning on or after February 4, 1973.

Bernard Rosen
Executive Director

Attachments

1. This attachment contains the basic salary rate information for each occupation and grade level for which special rates were authorized during the retroactive period.
2. The columns on the pages that follow identify:
 - a. Specific occupational series coverage by series code and title;
 - b. The geographic coverage; *
 - c. Grade or grade levels covered;
 - d. The special minimum rate, identified as "1st Step Rate";
 - e. The special maximum rate, identified as "10th Step Rate" for General Schedule occupations;
 - f. The amount of the within-grade increase;
 - g. The effective date which will be the first day of the pay period that starts on or after the date shown.
3. The full range of special rates for each grade can be prepared by successively adding the amount of the within-grade increase, as shown for each grade, beginning with the special minimum rate, to produce a rate for each step up to the special maximum rate. To illustrate, the Veterinarian, GS-701-9, situation is used:

(The special minimum (i.e., 1st step rate) is \$12,388 the special maximum (i.e., 10th step rate) is \$15,871 and the amount of the within-grade increase is \$387 a year.)

<u>1</u>	<u>2</u>	<u>3</u>	<u>4</u>	<u>5</u>	<u>6</u>	<u>7</u>	<u>8</u>	<u>9</u>	<u>10</u>
\$12,388	\$12,775	\$13,162	\$13,549	\$13,936	\$14,323	\$14,710	\$15,097	\$15,484	\$15,871

This procedure is to be followed in preparing a full schedule of special rates for each occupation and grade level listed in Attachment 1. As an aid to preparing the various schedules, Attachment 2 contains a comprehensive table which shows the correct dollar amount for each possible step for each GS grade which may be used in the various special schedules. By locating the special minimum rate and special maximum rate on these tables the full range of authorized rates is readily identified.

* Where cited, SMSA means the Standard Metropolitan Statistical Area as defined by the Office of Management and Budget.

Note: (Table numbers are provided for use by agencies in data processing systems.)
